October 3, 2016

The Honorable Leonard Lance
Member, United States House Of
Representatives

ATTN: (b) (6)
361 Route 31, Unit 1400
Flemington, New Jersey 08822

Dear Representative Lance:

This is in response to your letter of September 27, 2016 concerning (b) (6) desire to reenlist in the United States Navy.

We have been advised by staff members at Navy Recruiting District (NRD) New York, that (b) (6) was disqualified for reenlistment during his entrance processing review.

NRD New York staff submitted a request for a courtesy review of the physical standards on (b) (6) behalf to this Headquarters' Medical Advisor for consideration. After reviewing all available information, the Medical Advisor recommended further processing was not warranted as outlined in the DoDI 6130.03 and Manual of the Medical Department Chapter 15. Subsequently, (b) (6) request for further processing for reenlistment was disapproved on August 11, 2016.

On September 30, 2016, the Medical Advisor reviewed this matter again and noted that he would be willing to reconsider with additional medical documentation. The new letter outlining the additional medical documentation required for reconsideration was forwarded to NRD New York.

If (b) (6) is still interested in applying for reenlistment, he should contact his local recruiter. His recruiter will provide information regarding the documentation required for reconsideration and upon receipt of the additional documentation, assist (b) (6) with his request. No guarantee, however, can be given that the Medical Advisor will find further processing warranted or that (b) (6) will be accepted into the Sea-Air-Land (SEAL) Community of the United States Navy.

We trust this information will be of assistance. We appreciate (b) (6) interest in serving in the Navy. Thank you for bringing your constituent's concerns to our attention.

(b) (6)
